Environmental Policy

NOA Policy 50

NOA Healthcare Ltd recognises and understands the importance of protecting the environment in which we operate. We are fully committed to minimising the impact that running our business has on the environment and we encourage our clients, suppliers and other stakeholders to do the same.

NOA Healthcare Ltd is committed to continuous improvement in managing the environmental impact of our business operations, including the proper management and monitoring of waste, the reduction of pollution and emissions, compliance with environmental legislation and environmental codes of practice, training for staff and the monitoring of environmental performance. This policy forms part of our Social Value commitment.

We comply with all relevant legislative, regulatory and other environmental requirements in order to act in a socially responsible manner and we will strive to continuously improve our environmental performance. We put our policy into practice by recognising the principles of Reduce, Reuse and Recycle.

The Company will aim to:

- Minimise the use of natural resources;
- Minimise the generation of waste and implement/promote recycling;
- Minimise pollution and promote greener transport options;
- Purchase and promote the use of greener office and cleaning products;
- Consider the environmental impact of any business decisions made;
- Inform and encourage staff at all levels to act in an environmentally responsible manner and provide training where necessary;
- Encourage feedback from staff on improvements and feed these into the policy;
- Designate appropriate resources in order to implement, monitor and continuously improve the policy;
- Make this policy available to any interested external parties and to employees;
- Continually improve and monitor the environmental performance of the company and report these to interested parties.
